

Cold Slither Now with FANGS

Cold Slither...the original lineup is back! They finished a show without a band member getting arrested for once.

You might remember that the Keytar player, Torch was taken away by police for mugging MP Officer Law's girlfriend Evelyn Powers to buy the Deadnocks favorite snack, stale doughnuts and grape soda

A mysterious green fashionista known as Punker Don heroically saved the show... maybe too heroically. Coming from a band about putting down the weapons and making

HMMM. COLD
SLITHER DOESN'T HAVE
WRAPONS BECAUSE OF
REGULATIONS...MAYBE I
CAN DO SOMETHING ABOUT
THAT. I'M GOOD AT
SMUGGLING THINGS.

And so, Zatana, who a
cooperate Hasbro
benefactor saw fit to
give a skill saw machine
gun, promptly sent him
packing with her boot.

How is Zartan even the leader? BASS player? What is this? Skillet? Green Day?

Buzzer is a wild man at the cans. BUT you don't take drumsticks to a gunfight so they say. (No one says that)

Ripper can rip out some shred...but can't dish out any led...(see what I did there?)

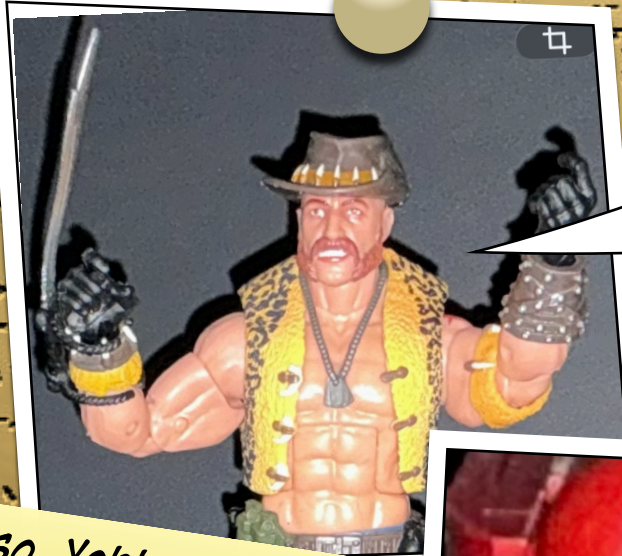

And maybe Torch can't really burn up the keys...but what is Torch without a torch anyway? (But at least now he has that Spudhead's gear!)

SO ONE ARMS DEPOT
ROBBERY LATER!

WE HAVE ACTION FORCE OR
C.O.R.P.S. OR SOMEBODY ELSE
GENERIC TO THANK FOR THIS ONE!
(BUT NOT HASBRO!). (IT'S
VALAVERSE!)

Also, Yobbo driving...not
recommended...he only
has one eye!

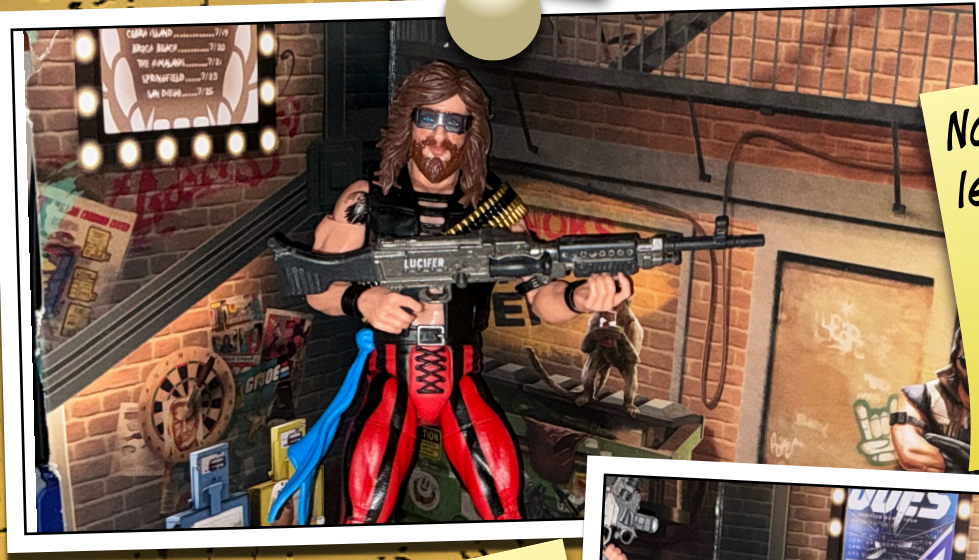

OINK!!!

A proper KRISS Vector!
Now I can truly lead!

Two hands! I'm
coordinated baby!

Now I can shred...AND...
led...

Oh Blowtorch...how I
missed you! That
probation had me mum
burning the grass off of
the sidewalk!

LET'S CELEBRATE! WE'LL LEAVE
OUR WEAPONS IN THE BACK AND GO
MAKE SOME MUSIC!

On the hypocrisy!

Little did they know...
(well, they do actually
know little!)

WHILE COLD SLITHER
IS OUTSIDE, SNEAK INTO
THE PRACTICE ROOM
FOR AN AMBUSH.

YES SIR
SEARGEANT
BEACHHEAD!

DON'T
SCREW UP
THIS TRAINING
EXERCISE! OK
RAWHIDES!

BE
READY FOR
ANY
DREADLOCK
SHENANIGANS
!!

I BELIEVE THIS BELONGS TO YOU.

THANKS!

Beachhead returns Punker Don's stolen gear.

NOW WHERE IS LIEUTENANT FALCON?!

Find out about Lt. Falcon in the next installment of the SpartanNerd's comics. (Yes, finally he will get a review!)
